Drug Take-Back Event Set April 24

The Cranberry Township Police Department will join other law enforcement agencies across the country in accepting unwanted or unused medications during the annual Drug Take-Back event.

Scheduled from 10 a.m. to 2 p.m. Saturday, April 24 in the rear parking lot of the Municipal Center, 2525 Rochester Road, the event will offer a secure, safe process to dispose of unused, unwanted or expired medications. Social distancing measures will be in place.

Dispose of medications in the original container or by removing the medication from its container and disposing of it directly into the disposal box. Please remove any identifying information if disposing in original container.

If disposing of vape pens or other e-cigarette devices, remove batteries. If you cannot remove the battery, check with chain stores which may accept the vape pen or e-cigarette for proper disposal.

Liquid products such as cough syrup should remain sealed in their original container. Please ensure the cap is tightly sealed.

Intra-venous solutions, injectables, and syringes will not be accepted due to potential hazard posed by blood-borne pathogens.
