## ANNUAL FIRE HYDRANT AND DISTRIBUTION SYSTEM

### *Flushing to Begin in April*

Water going down the drain over the next few months is actually helping keep Cranberry's water supply flowing cleanly.

Hydrant flushing is a routine maintenance operation designed to flush sediment from the water system, check fire hydrant operation, and test chlorine levels in the water lines throughout the Township.

Flushing is conducted from 7 a.m. to 4 p.m. Monday through Friday. Discolored water and fluctuations in water pressure are normal during flushing.

The Township suggests that customers refrain from doing laundry when their neighborhood lines are being flushed.

## HIPPITY HOP

### *Easter Bunny to Tour Township*

Cranberry Township will be hopping later this month as the Easter Bunny makes his way around the community to greet residents.

Set from noon to 2 p.m. Saturday, March 20, the Easter Bunny Tour will travel through Community, North Boundary and Graham parks, as well as past the Municipal Center. The Easter Bunny will mount a Township fire engine to spread cheer prior to Easter Sunday festivities. The rain date is set for noon to 2 p.m. Saturday, March 27.

## COOL CUSTOMER

### *Portal Helps to Track Water Usage*

The Township's new customer portal gives in-depth data related to water usage. Customers can compare usage to other time periods, set usage limits and alerts and get up-to-date information that could help identify leaks, breaks or excessive usage.

# Let your *Family Name* leave a *Legacy*

Be a part of the new Rotary Amphitheater for generations to come by purchasing an ornament on the Cranberry Township Community Chest's Donor Tree. Engraved bronze leaves and rocks are now available to purchase. It makes a great gift for a loved one, family member, or in memory of someone special. The Donor Tree will be adorned on the side panel of the Amphitheater and will be unveiled this summer.

All proceeds benefit the CTCC Amphitheater Project of the Year and are tax deductible.
