Early Learning Center Open House Set

Children ready to take the next step in their education will have a chance to learn more about Cranberry Township's Early Learning Center.

The Center will welcome parents of preschool-age children to an Open House from 3:30-6 p.m. Monday, November 15 inside the Township Municipal Center, 2525 Rochester Road.

Families considering enrolling their children are welcome to attend and tour the state-of-the-art facility. The Center includes advanced security and sanitation features, an in-house library and a full-size gymnasium. Additionally, COVID-19 safety precautions and procedures can be reviewed during the Open House. Masks are required and CDC guidelines for social distancing and sanitation will be observed.

Staff will be available to meet parents and students and answer questions. Registration will open to the public at 4 p.m. Monday, November 15. Students are accepted into the program on a first-come first serve basis with a waiting list used if necessary.

The Early Learning Center holds morning sessions for 2 ½ year olds as well as morning and afternoon sessions for 3-4 year olds and 4-5 year olds.

The Center's program for 2 ½ year olds is designed to be a child's first classroom experience with an emphasis on language and social development.

Twice-weekly programs for 3- and 4-year olds cultivate creative growth and motor development and offer early exposure to art, math, and science. Three-day and four-day Pre-Kindergarten programs for children ages 4 and 5 focus on preparation for Kindergarten. Themes and activities enhance the child's social skills and promote development in language, math, science, art and motor skills.

Registration is not necessary for the Open House. All are welcome.
