***Do Not Knock* List Accepting Enrollees**

Knock-knock?

Limit the number of times you ask “who’s there” by enrolling in the Township’s *Do Not Knock* list.

Township residents can choose not to have door-to-door sales of any goods, commodities, or services at their home by registering each year.

New enrollment began November 1, 2021 and continues to update as residents register. The list is purged each year on December 31, regardless of the enroll date.

Residents who previously were on the list prior to November 1, 2021, must register again. Non-solicitation requests do NOT carry over.

The registry is available to residential homeowners who wish to make the individual decision to prohibit commercial door-to-door sales calls at their homes. Attempts to register large numbers of addresses will be identified by the system.

Soliciting is restricted to the hours of 10 a.m. and 9 p.m. Monday through Saturday, and not permitted on Sundays or holidays. Individuals going door-to-door not selling anything are not required to have a permit. This includes conducting surveys, distributing religious literature, and political canvassing.

Those soliciting must wear an identification badge issued by the Cranberry Township Police Department.

For more information and to register, visit [www.cranberrytownship.org/donotknock](http://www.cranberrytownship.org/donotknock).
