Calling All Angels! Snow Angel Program Needs Helpers

There are angels among us.

Snow angels, that is.

The Township's Snow Angel program has been activated once again due to a need in the community. The successful program is seeking both volunteers and those in need of assistance as the winter weather turns frightful.

Cranberry Snow Angels is designed to help minimize the difficulties of snowstorms by matching community volunteers with elderly or disabled residents to assist with snow shoveling. Snow Angels are partnered with residents to remove snow and help keep sidewalks and driveways safer for everyone.

Snow Angels will run from January until last snowstorm of winter 2022.

Let it snow - we are ready!

To help or receive help, visit CranberryTownship.org/SnowAngels.

MEDIA ALERT: Cranberry Township can coordinate interviews with volunteers and those in need for coverage purposes. Please email tina.fedko@cranberrytownship.org if interested.
