**Cuisine and Culture Brings Community Together**

The best food perfectly blends ingredients to make a perfect dish.

The Cranberry Area Diversity Network aims to blend cuisine and conversation with a side of culture in its next virtual event.

Set for 6:30 p.m. on Thursdays in February, Cuisine and Culture will bring participants into their neighbor's kitchens to learn about a favorite dish. The event will feature a discussion of the origins of the foods and cultures surrounding them.

Sessions include:

- February 3 – Italian
- February 10 – Haitian
- February 17 - Hawaiian
- February 24 - Sri Lankan
