**Monument to Peace to be Unveiled**

A new spot to stop and reflect will soon adorn Cranberry Township's Municipal Center.

The Cranberry Township Sunrise Rotary Club will host a Peace Pole Dedication Ceremony at 6 p.m. Wednesday, September 21 at the Municipal Center, 2525 Rochester Road.

A Peace Pole is an internationally recognized symbol of hope standing vigil in silent prayer for peace on earth. Each Peace Pole bears the message May Peace Prevail on Earth in different languages on each of its sides. There are more than 250,000 Peace Poles around the world.

The ceremony will feature special guest speakers who will mark the new dedicated place of peace. The unveiling of the space will highlight the event.

Light refreshments will be served. For additional information, please contact
