**Time to Play at Cranberry Municipal Center**

It's never too early for a child to socialize.

That's why Cranberry Township is hosting the Playtime Pals program for children 18 months to 5-years-old.

Held at 10:30 a.m. each Thursday from November 17 through February 23 at the Cranberry Township Municipal Center, the program offers a space for children to learn, play, and make friends during supervised indoor play time.

Play times will begin with circle time and songs, then transition to open play. Children will develop both motor and social skills in the interactive class, giving them the opportunity to burn energy and beat boredom during the winter months.

Due to holidays, there will be no Playtime Pals on November 24 and December 29.

This drop-in program is open to residents and non-residents and costs \$3 per child. Registration will be at the front desk of Parks & Recreation Customer Service.
