Manager Coffee to Explore ‘The Growth Issue’

A hot topic is getting even hotter.

Brought about by the most recent community chatter around the ‘Cranberry Today’ magazine’s focus on growth, Cranberry Township will host a Coffee & Conversation on “The Growth Issue.”

Set for 6:30 p.m. Thursday, February 15 in the Franklin Station Room at the Municipal Center, the event features Township Manager Dan Santoro, who will present and meet with residents to continue the conversation about the dreaded “growth” word and how the Township is ensuring it occurs in a measured, sustainable way.

Santoro will be joined by Ron Henshaw, Director of Planning & Development, to answer questions on the Township's managed growth, along with advancing the topics of traffic and housing options.

Coffee and light snacks will be served. Space is limited, and an RSVP is required by calling the Township Manager’s Office at 724-776-4806 ext. 1103.
