Calling All Angels! Snow Angel Program Needs Helpers

The Township's Snow Angel program has been activated again to bring helping hands to the community.

Cranberry Snow Angels matches community volunteers with senior residents or those with mobility needs. Snow Angels will remove snow and help keep sidewalks and driveways safer for everyone.

The application for volunteers is now open. The application for requests will open at 9 a.m. Monday, November 18.

Volunteers are required to complete the online application, which includes a liability waiver and photography use agreement. All participants must complete, electronically sign, and submit the form before a volunteer match can be made.

To learn more and become a Snow Angel volunteer, visit CranberryTownship.org/SnowAngels.
