

Stop The Knock!

Solicitation Ordinance Keeps Things Quiet

An update to the Township's Solicitation Ordinance gives the Township and the community greater flexibility to manage door-to-door solicitors.

The Township has used a Do Not Knock list for several years to make in-person sales a positive experience for residents and licensees. Individuals or businesses seeking to go door-to-door are required to apply for a license through the Township.

The change strengthens the program by amending the days when soliciting is permitted and adds tiered penalties for individuals and organizations who violate ordinances, including a permanent ban for repeat offenders. The appeal process is also updated.

The program does not restrict religious visits, surveys, and political canvassing, which is constitutionally protected. However, it does restrict soliciting between 10 a.m. and 9 p.m. and requires solicitors to follow all Township rules and regulations.

The Do Not Knock list is purged on December 31 each year, and residents must register annually.

Helpful Holiday Recycling Tips

Here's a helpful guide to what to do with that celebratory mess.

Wrapping Paper

Thin paper full of color, glitter or other embellishments should not be recycled. Thin, non-colored cardboard-type wrapping paper can be recycled, as can tubes from inside the paper.

Gift Bags

Brown bags can be recycled if the handles are removed. Bags that are colored, shiny, or have embellishments should not be recycled.

Bows and Ribbons

Ribbon will get caught in equipment and should not be recycled.

Cards

Plastic cards covered in glitter or containing embellishments should not be recycled. Plain paper cards may be recycled.

Christmas Lights

Christmas lights are considered tangles and will get caught in recycling equipment and should not be recycled.

Gift Boxes

Cardboard boxes may be recycled. They should be empty and broken down to fit in a trash receptacle or can be transported to the Cardboard Compactor at the rear of the Municipal Center.

Foam Packaging

Foam packing peanuts cannot be recycled.
