Sponsorship Opportunities Available Now

As 2025 kicks off, the Cranberry Township Community Chest offers several ways to support beloved community programs and events.

CTCC, the Township's 501(c)(3) foundation partner, has long been dedicated to enhancing the lives of residents, businesses, and visitors. CTCC is proud to strengthen its role in supporting Cranberry's programs and initiatives, furthering its commitment to the community. This collaboration ensures long-term, reliable backing for a range of Township-managed projects that enhance the quality of life for everyone in Cranberry.

These programs address vital community needs that positively impact thousands each year, including:

- Recreation
- Youth programs and events
- Athletics
- Education
- Local services

By sponsoring or donating through CTCC, an individual or business can ensure essential Township programs continue to grow and thrive.
