

FREE FILL SITES

Cranberry Township is seeking FREE FILL SITES to accommodate the hauling of spoils from Public Works operations. Both short-term and long-term locations are sought.

Short-term sites are typically under one acre. Short-term sites may be used immediately in 2025. Long-term sites should be greater than one acre (preferably over five acres), with a preference for sites within Cranberry Township. For long-term sites, the Township will provide design, permitting, erosion and sediment control, and restoration upon completion.

Note that the spoils may contain soil, rocks, branches, roots, asphalt, and/or concrete. Access is needed for Public Works heavy equipment to enter the site. Sites within Cranberry Township are preferred.
