

Dive In! One-Time Pool Credit Offered

It's almost time to pull back the tarp and grab the bug skimmer to get swimming pools ready for the summer. The Township offers a one-time credit for the filling of pools to make those summer days a little more relaxing.

Property owners must supply dates of the activity. The Township will review water usage, and the credit will be limited to 50 percent of current sewer rates. The credit is only available to pools issued with Cranberry Township Permits and an issued Certificate of Compliance. Customers with a deduct meter are not eligible for this pool credit. It can take up to two billing cycles for the credit to appear on an account.

Scan the QR code to submit information to receive a credit.

COMING SOON

New Billing Portal On Its Way

A new, easier-to-navigate Utility Bill Payment portal will soon be available to improve the customer experience and make payment more simple.

The portal is expected to be implemented in Summer 2025 and will enhance the user experience.

More information, including a step-by-step explanation of the signup process, will be released on the Township's website, as well as in various print materials, in the coming weeks.

Free and Clear: Hydrant, Manhole Access Is Important

Manholes and fire hydrants aren't the most visually appealing parts of the Township, but they must remain clear to ensure they can be easily accessed.

Township residents are asked to avoid covering manholes and water valve boxes with landscaping, as doing so can make accessing the sewer systems and water valves complicated. It also causes valuable time to be lost during emergencies.

Additionally, residents can also do their part in making hydrants easily found by keeping them clear of shrubs, trees, and landscaping. This includes two feet behind the hydrant and five feet on each side. Nothing should be planted between the hydrant and street.

Help us keep our sewer and water systems running smoothly!
