**Live Tree Collection Set**

With the holidays in the rear-view mirror, Cranberry Township is making it easier to dispose of live trees.

Live tree collection is set for the weeks of January 5 and January 12. Trees should be placed at the curb during the customer's regular collection day.

Customers should remove all ornaments, tinsel, and lights and cut trees into 4-foot sections. Do not place trees into plastic bags or carts.

Trees put out for collection after January 17 must have a Bulky Item sticker on each 4-foot section.

For more information on the Township's trash and recycling program, visit [cranberrytownship.org/trash](http://cranberrytownship.org/trash).
