Internship Program Welcoming Applicants

Though winter semester just started, students have an opportunity to lock in a summer internship that will give them hands-on, real-world experiences.

Cranberry Township seeks motivated and innovative students to join its Summer Internship program. The 2026 program runs from May 18 through August 7. Several Departments have openings, including Planning & Development Services, Engineering & Environmental Services, Public Works, Parks & Recreation, Fire & Emergency Services, Civic Partnerships, the Powell Farm, and more.

Applicants must be currently enrolled in an educational institution, and students seeking a bachelor's or master's degree in a relevant major are preferred. Those interested in applying may only submit their application to one department.

To apply by February 8, visit cranberrytownship.org/employment.
