

TO: Board of Supervisors
FROM: Jerry A. Andree, Township Manager
DATE: November 12, 2009
SUBJECT: Proposed 2010 Budget

On behalf of your entire team charged with implementing the vision of our community, as directed by the Board of Supervisors, I am pleased to present the proposed 2010 Budget.

At this time last year, there were serious concerns about the state of the national economy and its impact on our community. The 2009 budget was designed and approved by the Board to reflect the fiscal concerns of the day while not diminishing the services provided to our residents and customers. Due to that wisdom and continued tight fiscal controls, we are predicting another strong ending in fiscal year 2009 while accomplishing an impressive list of projects, initiatives and programs that are further described within this budget document. There is no doubt in anyone's mind that the ability of this community to withstand and fend off the serious negative effects of the national economy in 2009 and going into 2010, were the decisions of the Board of Supervisors in 1995, when the Board adopted and implemented the 1995 Comprehensive Plan. The vision articulated and implemented over the past 14 years is directly responsible for one of the most admired and stable local economies in the tri-state region. I am equally confident the Cranberry Plan adopted earlier this year by the Board will result in equal or greater enhancements to our community in the decades to come.

The proposed 2010 Budget continues a very conservative projection of revenue and holds the General Fund operating expenses to a 2.1% increase over 2009 levels, while maintaining and enhancing key service areas. This very small increase is especially impressive in that multi-year collective bargaining agreements provide increases from 2.5 to 3.5%, the pension costs increase alone account for nearly 50% of the actual dollar increase, and we absorbed insurance increases of over 12% from 2009. This was accomplished by an extremely dedicated and professional group of employees.

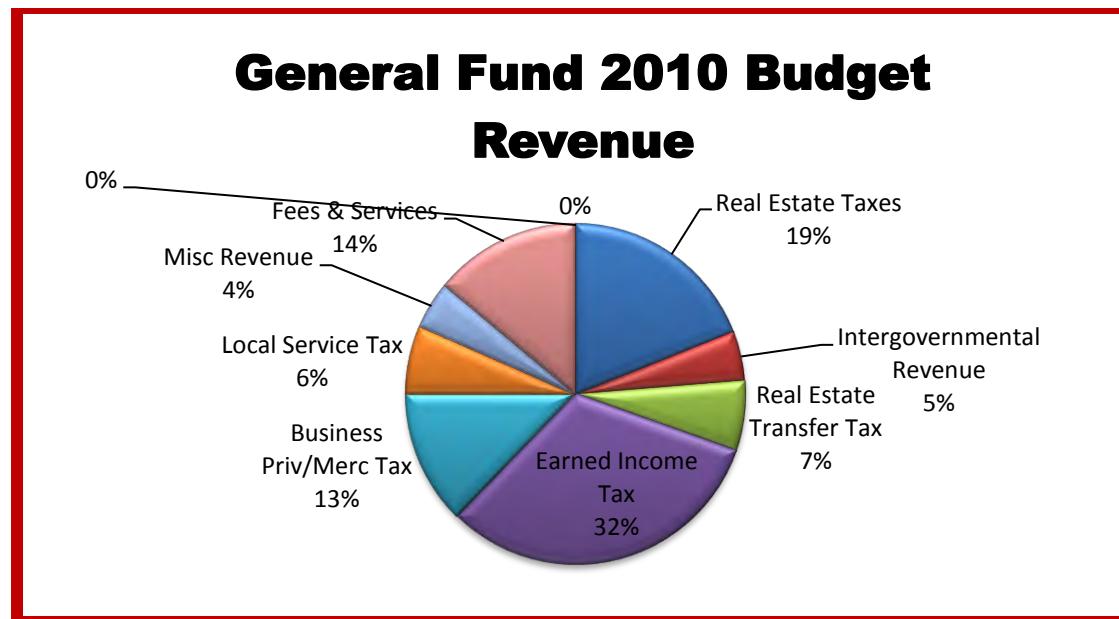

As you read through the various departmental descriptions you will see an impressive list of goals set for the coming year, as well as impressive results in 2009. These goals build upon many of the initiatives that were started in 2009 and include:

- Continuing our organization's focus on the following;
 - Efficiency
 - Through the continuing implementation of financial management practices that link expenditures to programs that incorporate measures of effectiveness.

- Employee Safety and Wellness
 - A comprehensive bottom-up reorganization of our safety programs that places the responsibility for safety on every level of the team.
- Communication within the organization and with Employees
 - As the organization grows and becomes increasingly diversified in areas of responsibility, so does the challenge of keeping everyone connected to assure the organization is moving in the same direction. New means of communicating and engaging our most important asset, our employees, in meeting the community's goals are being implemented.
- Customer Service
 - We distinguish ourselves on the exceptional high levels of customer service we provide to our residents and customers, and we realize we can always be better. Internal teams have been created and will focus on further advancing the culture and practice of customer service within our organization.
- Document Management
 - The need to manage the huge volume of documents in an efficient manner and the value of the real estate to store those documents has highlighted the need to move to a digital system.
- Transportation Improvements
 - Implementation of the federal grant to improve Freedom Road in cooperation with PennDot
 - Moving forward toward construction of the Northwest Connector
 - Enhancing our traffic management operations including additional smart transportation initiatives and maintenance enhancements
 - Additional ramp improvements at Rt. 228 and I-79 in cooperation with PennDot
 - Access studies on the Rt. 19 corridor in cooperation with PennDot and surrounding communities
 - Starting an update to the Transportation Improvement Program
 - Moving forward with intersection improvements at Peters and Franklin, Ehrman Road and Rt 19, Municipal Center/St. Ferdinand's Driveway with Rochester Road, Graham Park and Rochester Road, Rochester and Thomson Park, Rowan/Ogleview and Rt. 19
 - Continuing the implementation of a Roadway Surface Maintenance Program to maintain a level C or above on Township roads.
- Parks and Public Spaces
 - Full implementation of the parks and grounds management program to maintain our expanded and enhanced public spaces
- Water and Sewer System
 - Design and construct the Commonwealth Water Pump Station
 - Design of water transmission line upgrades
 - Design of Interceptor 1 upgrade

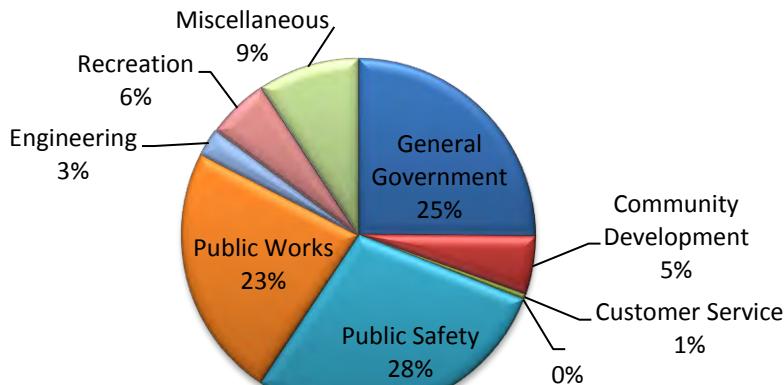

- Implementation of a new DEP Permit that is forthcoming for the Brush Creek WPCF
- Federal Stimulus Funding Opportunities
 - Continue to seek funding opportunities to implement projects identified as priorities, including infrastructure upgrades and energy conservation measures, currently pursuing nearly 20 different funding programs
- Technology Initiatives
 - A critical component of our ability to be efficient and flexible in responding to constantly changing demands is an equally efficient and flexible technology platform. Technology is being implemented in every component of our service delivery, most recently with enhancement on-board technology for the public safety vehicles. We will always pay close attention to our technology investments and seek the highest Return on Investment possible.

The following charts demonstrate where the General Fund receives its revenue and where those funds are used. The largest single source of Revenue is the Earned Income Tax, which is .05 percent of a residents earned income tax. The Seneca Valley School District also receives .05 per cent, so the stated rate is often seen at 1%. The largest single expense is in the area of public safety.

General Fund 2010 Budget

Expenditures

The 2010 Budget does provide for an increase in the sewer rates. When the Township and the former Municipal Sewer and Water Authority started the merger process in 2000, the stated goal of the Board of Supervisor for the merger was to promote a more coordinated and efficient system to deliver public services to our residents and customers. In the last nine years, we have been able to absorb significant cost increases through efficiencies associated with that merger, with sewer meter rates not being increased during that period of time.

The following chart demonstrates the impacts the sewer fund has experienced over the last 8 years.

History of Impacts on Sewer Costs

Year	Sewer Rate	Sewer Rate Increase	Base Rate per Quarter	Increase per Quarter
2002*	\$5.17	\$0.00	\$15.00	\$0.00

The next two charts show capital needs through 2012 and highlights potential significant costs associated with the new permitting process the Brush Creek Waste Water Pollution Control Facility is currently undergoing. The Pennsylvania Department of Environmental Resources will ultimately decide on standards that plant must be operated under and those standards could have significant impacts on both operating and capital costs.

Capital and Operational Needs For 2010-11

1. Sun Valley I&I	\$150,000
2. Robinhood Drive I&I	\$600,000
3. Interceptor #1 Design	\$500,000
4. Power Smoothing	\$ 40,000
5. Secondary Clarifier Paint	\$ 50,000
6. Dewatering Conveyor belt	\$ 60,000
7. Vehicle Replacement	\$ 54,000
8. Primary Scum pumps	\$150,000
Total	\$1,604,000

Capital and Operational Needs For 2011 and 2012

1. Inter. # 1 Construction \$4,000,000
2. DEP Permit Plant Requirements \$??

The following two Charts show the increases for 2010 and 2011, in both usage rates and in base rates. For 2010, the average annual increase for a sewer customer will be \$28.40.

Proposed Sewer Rates for 2010 and 2011

	Unit	2010	2011
Usage Increase	Per 1000 gal	\$.30	\$.20
Proposed Rate	Per 1000 gal	\$5.47	\$5.67

Average Increase per Quarter
\$7.10 for 2010
\$4.40 for 2011

Based on an average use of 17,000 gallons per quarter

For the Water Fund, the majority of the proposed increase will be to pay for the additional costs of purchasing bulk water from the system's supplier, West View Water Authority.

The following two Charts demonstrate the efficiencies that the system was able to generate as a result of the merger to absorb increases.

* Projected

The following two Charts show the rate increases for 2010 and 2011. The last Chart breaks out the \$.76 increase per 1,000 gallons used, which shows that \$.56 is a direct pass through of the increased costs of the bulk water purchase from the West View Water Authority. The remaining \$.20 increase for 2010 will provide needed revenue to the Cranberry System to meet operating and capital needs. The average annual cost for a water customer in 2010 will be \$59.68.

	<i>All new developments are required to post financial securities (bonds) to guarantee the completion of improvements which are required by ordinance and established at the time of development approval. The Pennsylvania Municipalities Planning Code (MPC) establishes criteria for the posting and release of financial securities. The MPC allows for full and partial releases of the financial security as work progresses in new developments. A bond release fee is charged each time that a developer requests a release of financial security from the Township. The fees are intended to cover Township costs associated with processing of a release request. Fees are charged to the development's escrow account. Fees are \$100 for requests related to sewer and water facilities, plus actual costs of engineer's inspection; and \$250 for requests related to roads/stormwater facilities, plus the actual costs of engineer's inspections.</i>

Department: LEGISLATIVE

Description and Responsibilities

This budget supports the five elected members of the Board of Supervisors. Supervisor compensation is based upon the Second Class Township Code, which establishes salary and benefits. Based upon the 2000 Census the annual salary is \$4,125.00. In addition, funds are included to provide health insurance as regulated in the Township Code as well as Resolution 2008-51. This budget also supports continuing education and fees of various legislative organizations.

Department: INFORMATION TECHNOLOGY

Description and Responsibilities

The Information Technology (IT) Department retains complete budgetary responsibility for all centrally managed and department specific technology equipment, software, and initiatives. This includes everything from PCs, thin clients, servers, GIS systems, web hosting, phones, software, communication equipment, business continuity, and training, to systems for fuel management, fingerprint recognition, meter reading, SCADA and physical access control systems.

2009 Accomplishments

1. Server Virtualization – Converted over 20 servers to a virtual environment using blade servers and clustering.
2. MUNIS HR Implementation – Conversion and migration of HR data to the MUNIS system and implementation of new employee self service portal
3. Hansen Upgrade – Software upgrade to version 8.1.2 , the first release by new parent company Infor. This upgrade will pave the way to further software enhancements, fixes and new modules.

2010 Goals

1. Document Management System – Installation, configuration and implementation of a document management system for all Township department files. This system will correspond with the Pennsylvania Record and Disposition Schedule.
2. Hansen System Analysis – Expanding the functionality of the Hansen system to better suit Township business practices and to add new capabilities to further utilize the system
3. Phone System Upgrade – Replacement of existing phone system hardware to upgrade obsolete technology and provide additional functionality, software and ability to better manage the phone system operations

2010 Budget Highlights

1. For the 2010 budget the IT department has adopted Program Based Budgeting. Five programs were selected with twenty activities being identified.
2. The IT department has taken ownership of all phone lines and long distance charges for 2010. These charges will be reported back to each department monthly.
3. Upgrade of IT reporting infrastructure to produce scheduled and on-demand reports from Financial, HR, ERP and other database systems.

Department: INSURANCE EXPENSES

Description and Responsibilities

This program includes the majority of insurance expenses related to protecting the Township's assets and business practices and operations. Also included are Management/Investment services for the Non-uniformed Pension plan, actuarial services for the Police pension plan, as well as the Employee Assistance (EAP) expenses.

2009 Accomplishments

1. Reduced insurance premium costs by working with broker to obtain competitive package proposals.
2. Implemented two additional investment allocation options for participants of the Cranberry Township Non-Uniform Pension Plan.

2010 Goals

1. Continue to protect Township assets by maintaining competitively priced and comprehensive insurance coverages.
2. Reduce losses with increased safety committee involvement and risk management practices.

Description and Responsibilities

The Department of Community Development is responsible for the overall planning, land development and code enforcement functions of the Township. Operations include managing day to day requests and functions related to land development, zoning, subdivisions, plan review, permit issuance (building, sign, fire, grading, etc.) property maintenance and inspections related to permit issuance. The Department provides administrative and staff support to the Planning Advisory Commission, Zoning Hearing Board and Building & Fire Code Appeals Board in addition to the development related activities of the Board of Supervisors. The Department functions as the primary contact with the development, business and residential community as they relate to these services. The Department is comprised of 3 cost centers: 3100 - Land Development, 3200 Code Enforcement, 3300 - Planning.

2009 Accomplishments

1. Completed the TND-C and SEO Ordinance Overlays
2. Completed the Freedom Road zoning/corridor analysis
3. Completed the Comprehensive Plan
4. Completed inspections and issued occupancy for Westinghouse Building One

2010 Goals

1. Identify progress in the area of Neighborhood Redevelopment/Renewal
2. See three additional Westinghouse Buildings through to occupancy (Buildings Two, Three and maybe Four)
3. Continue work on Rezoning to TND Overlays of various parcels
4. See Freedom Road process through to recommendation from PAC/BOS

2010 Budget Highlights

1. Better use of "Detail" as appropriate in MUNIS
2. Better use of "Internal Text" as appropriate in MUNIS
3. Possible conversion of two part time salaries/benefits into one full time position

Department: CUSTOMER SERVICE

Description and Responsibilities

The Customer Service Center (CSC) is responsible for acting as the primary interface between the public and various departments of the Township to answer basic questions, schedule services, and resolve issues. The CSC processes new utility (sewer, water, and/or trash) service applications, building and use permit applications, customer service requests, lien letter requests, deed transfer information, and collects payment for services.

2009 Accomplishments

1. The CSC directly answered over 32,750 phone calls. Sold over 6,000 trash stickers. Processed over 930 lien letters, 1,600 service requests, 1,900 work orders, and 36,000 utility billing transactions.
2. Completed the renovation of the front counter area, increasing the work stations from three to four.

2010 Goals

1. Continue to provide automated service options from the website.
2. Continued success with the Collection Connection Program with the new hauler.
3. Continue working with the US Census Bureau in preparation for Census 2010.

2010 Budget Highlights

1. Customer Service has separate budget/cost center.

CRANBERRY

Department: PUBLIC SAFETY/POLICE OPERATIONS

Description and Responsibilities

The Police Department provides law enforcement protection for the Township and Seven Fields Borough (under contract). The 28 officers in the department perform patrol, traffic, investigative, community relations and education, training, and management functions. Of the 28 sworn officers, 24 work patrol or traffic. Two perform management and support functions and two are detectives.

The department supervises school crossing guards and provides for animal control services through contract with a private service (Triangle Pet).

The Director of Public Safety manages the Police Department and supervises the Fire Company Administrative Assistant. The Director also coordinates with the leadership of the Cranberry Township Volunteer Ambulance Corps. The Director provides administrative and budgetary support to the Emergency Management Coordinator.

2009 Accomplishments

1. Received a \$100,000.00 Federal Technology Grant and a Federal Justice Assistance Grant (JAG) for \$24,688.00. These grants will be used to install 13 in-car video units in the police units, purchase additional data storage for the in-car video system, purchase a new records management system (RMS), purchase a server to be placed at Butler County Control for RMS sharing with other departments, upgrade vehicle interior safety and consoles
2. Purchased the crash investigation software for the traffic unit.
3. Participated in the state-wide aggressive driving and heavy truck inspection programs.
4. The Cranberry FBI office donated to the department an x-ray machine and walk-through metal detector. The systems were installed in the sally port entrance and evidence processing area.
5. Completed the remarking of police units for higher visibility.

2010 Goals

1. Complete the installation and implementation of items from the Federal grants.
2. Promotion of a new Sergeant.

2010 Budget Highlights

1. The major impacts to the 2010 budget are cost increases in personnel, uniform pension plan, and health insurance.
2. Two vehicles need to be purchased and equipped to replace aging units.

Department: AMBULANCE OPERATIONS

Description and Responsibilities

Cranberry Volunteer Ambulance Corp is a non-profit corporation that provides emergency medical services and medical transportation services to the ill and injured in Cranberry Township. This cost center pays for the Workers Compensation premiums for the Ambulance Corp and contributes toward their fuel costs.

2009 Accomplishments

1. Pennsylvania Act 7 of 2008, says that local government is responsible for the provisions of EMS service for their residents. The Township has always worked with the Ambulance Corp to assist them in providing the best possible service to the community. In 2008 the Township provided a one time donation to the Corp to have an organizational assessment done. In the later part of 2008 the Ambulance Corp began having financial difficulties and the Township began meetings with the leadership of the Corp to help them through their financial crunch.
2. In 2009 the Ambulance Corp has made significant changes in their operations, hired a full-time director, continue to improve financially, and continue to work closely with the other Public Safety Departments.

2010 Goals

1. Continue working with the Ambulance Corp Leadership.
2. Assist the Ambulance Corp in the purchase of fuel.

TOWNSHIP

Department: WINTER MAINTENANCE – SNOW REMOVAL

Description and Responsibilities

The Public Works Operations Department performs snow removal and de-icing operations on over 111 centerline miles of Township roads including over 240 cul-de-sacs and all Township facilities parking lots.

2009 Accomplishments

1. Maximized rock salt purchasing through SHACOG to fill storage facility at 6200 tons for upcoming season at previous year price.

2010 Goals

1. Install and program automated spreaders in all the remaining snow removal vehicles capable of utilizing the technology
2. Maintain updated application rates for each route compiled on the Streets SharePoint Site
3. Continue 16 hours of education for operators in snow removal operations yearly

2010 Budget Highlights

1. Township entered into two winter maintenance material contracts this year as a result of the expired contract through the SHACOG with Cargill. The Township entered agreements through the Commonwealths DGS Costars and SHACOG. Township is obligated to purchase a minimum of 800 tons from North American Salt at \$60.00 to meet the 80 % of the estimate of 1000 tons and may purchase up to 125% of the estimate, or 1,125 tons. The Township is also obligated to purchase a minimum of 3,250 tons from North American Salt at \$ 61.93 to meet the 60 % of the DGS Costars agreement.

TOWNSHIP

Department: TRAFFIC AND COMMUNICATIONS

Description and Responsibilities

The Traffic Signal and Communication Division operate and maintain 33 Township owned Traffic Signal Installations. Also maintained are 2 sets of School Zone Flashers and any other electrically operated warning devise located in the Township. This Department also manages the logistics of 12.5 miles of Fiber Optic underground cabling, Broadband Wireless networks and 2 way radio systems in daily use by Township infrastructure.

2009 Accomplishments

1. Converted the Rt 19 and Rt 228 Traffic Zones to operate Traffic Responsive. This enables the daily timing changes to be enabled by actual traffic volumes instead of based on the Time of Day.
2. Engineered and installed a 2.35 mile Fiber Optic backbone running from Rochester Road through Graham Park to the brush Creek Wastewater Treatment Plant.
3. Completed Graham Park electrical work projects to power all the scoreboards, dugouts and press boxes in the Sports Complex.
4. Inter municipal traffic signal remained a high response priority. Program and agreement have served as a model throughout region.

2010 Goals

1. Modernize the Traffic Signal Specifications to capitalize on sustainable efficiency practices and equipment.
2. Update our Traffic Data Collection process in an effort to keep pace with traffic efficiency due to recent area wide development.
3. Extend the Fiber Optic network to keep pace with the expanding traffic and data network.
4. Expand Department duties into Signs and Markings to assist the Township with new MUTCD Sign Regulations and Requirements for Retroreflectivity.

2010 Budget Highlights

1. Operational efficiencies and preventative maintenance program development are a high priority in this years budget.
2. Energy costs continue to be a major focus with additional need for diligence in implementing sustainable practices, equipment and philosophy.

Department: FACILITY MAINTENANCE

Description and Responsibilities

Facilities Management is responsible for the management and maintenance of all Municipal buildings, grounds and equipment (with the exception of parks maintenance). This activity includes development and administration of all contracts and services related to Township facilities.

2009 Accomplishments

1. Installed a new HVAC environmental control unit in the Municipal server room. The new unit controls the heating, air conditioning, humidity and dehumidification of the computer room. Maintains an ideal environment for the phone and data servers.
2. Reduced the use of utilities by the installation of tank less hot water tanks, low flow water controls, thermostat replacements, and continued lighting upgrades.
3. Expanded the areas of responsibility the Facilities Department serviced.

2010 Goals

1. Continue to take on additional responsibility for the repairs of all township HVAC equipment reducing the need and dependence on outside contract companies.
2. Design and install an HVAC damper control system for the tenant leased spaces.
3. Develop and implement a customer service satisfaction rating system. A positive rating of 90% or better for the housekeeping and maintenance service will be our goal for the year.

2010 Budget Highlights

1. Institute a new level of cleaning service to reduce the risk of infection by using Bio Shield. Treated surfaces kill virus' including H1N1 , mold and bacteria for thirty days by creating an antimicrobial surface.
2. Continue to reduce our utility consumption by using the latest technology in lighting and HVAC controls.

Department: FLEET MAINTENANCE

Description and Responsibilities

Fleet operations provide preventative maintenance and repair on all Township vehicles and equipment.

2009 Accomplishments

1. Maximized bulk purchase agreements to secure maximum savings at lowest pricing available.
2. Maintained minimal inventory of high wear and regularly maintained items to insure availability.
3. Continued high attention and quick response times to outstanding work orders and service requests.
4. Adjusted to higher demand at remote locations like Graham Park for service calls.

2010 Goals

1. Dedicate training time for mechanics to hybrid training for proposed alternative fuel vehicles added to fleet
2. Fully develop finer parameters for vehicle replacement plan.
3. Utilize internet auctions for used equipment retirement.
4. Automate remote location equipment usage for preventative maintenance.

2010 Budget Highlights

1. Pit mounted hydraulic lift will add flexibility of pit work by allowing a jack style lift to the pit.
2. Clothing / uniform account now utilized in this cost center.

Department: PARKS MAINTENANCE
CRANBERRY
• TOWNSHIP •

Description and Responsibilities

The Parks Division conducts maintenance operations on Cranberry's Community Park, North Boundary Park and Graham Park. Operation includes turf maintenance, playground, pool, planting islands, and grass cutting.

2009 Accomplishments

1. Completed construction and grow-in of Dick's Sporting Goods Sportsplex at Graham Park.
2. Located and repaired irrigation system leaks throughout parks and common areas, conserving water and reducing operational expenses.
3. Maintained a high degree of safe playing surfaces and facilities.
4. Instituted new pool draining procedure saving pool operations sanitary disposal costs.

2010 Goals

1. Develop more efficient program measures for agricultural supply applications.
2. Train and develop park personnel to more fully utilize GIS equipment for asset management and maintenance program development.
3. Increase communication with sports organizations for turf management program coordination and support.
4. Provide a high degree of maintenance to traffic islands following a prescribed maintenance schedule.
5. Pesticide application licenses to be acquired by two full time staff at Graham Park.
6. Continue to provide a high degree of safe playing surfaces and facilities
7. Continue to monitor and excel at irrigation program management throughout all complexes and common areas.

2010 Budget Highlights

1. Agricultural supplies have stabilized substantially over last year and the parks division will be joint purchasing the majority of its supplies through the SHACOG Purchasing Alliance. (Quantities met by joining w/ Golf Course)
2. Parks maintenance work has added staffing and satellite work sites justifying the need for additional management supervision.

Department: PUBLIC WORKS ADMINISTRATION

Description and Responsibilities

Provides oversight and asset management for all Public Works operations including Sewer and Water Field Operations, Sewage Treatment Plant Operations, Parks maintenance, Fleet Maintenance, Streets maintenance, Traffic Signals and Communications, Facilities maintenance and Pretreatment Operations.

2009 Accomplishments

1. Implemented a Public Works Safety Program Policy and Procedures Manual.
2. Maintained additional resource tracking on Parks Maintenance within Hansen and excel to analyze resource management.
3. Division labor and resources utilized to complete construction of Dick's Sportsplex at Graham Park.

2010 Goals

1. Improve upon the Public Works Safety Program with greater emphasis on more employee program ownership.
2. GIS and the correlating applications will be explored and evaluated throughout each division within Public Works.

2010 Budget Highlights

1. Electricity and Natural Gas contracts were negotiated in 2009. Natural Gas prices are expected to fall further so this contract is being reconsidered and potentially renegotiated to take advantage of potential savings.
2. New contract for regular and diesel fuel was entered through SHACOG. Prices remained competitive.

Department: PARKS AND RECREATION

Description and Responsibilities

The Cranberry Township Department of Parks and Recreation creates Community through People, Parks and Programs. Our services strengthen our community's image and sense of place through parks, recreational facilities, programs and events for our residents. We foster human development through programs that promote social, intellectual, physical and emotional well-being. Ultimately, Parks and Recreation facilitate community problem solving through programmed and self-facilitated opportunities.

2009 Accomplishments

1. Completed and opened Dick's Sportsplex at Graham Park in May and secured lease agreements with the community athletic associations to provide community service and reduce debt service.
2. Continued to modify and cut expenses while offering high level of quality for programs and services.
3. Introduced new program opportunities that included new Camp Cranberry Themes, Ballroom Dancing, Photography, etc.

2010 Goals

1. Maintain a high level of programs and services, but tightly control expenses.
2. Maintain eighty-five percent enrollment in programs and activities for optimal revenue opportunities.
3. More emphasis on Teen and Cultural Programming needs.

2010 Budget Highlights

1. This budget reflects reductions in programming Cost Centers with the goal of reaching the target of eighty-five percent earned revenue.

Description of Fund:

Transportation Impact Fees were authorized by the Pennsylvania General Assembly in 1990 as a tool for municipal government to fund transportation infrastructure necessitated as the result of new growth and development. Transportation districts meeting certain criteria must be established pursuant to the act. Fees paid by new development in each district can only be earmarked for transportation projects identified in the adopted transportation capital improvements plan. The program adopted by Cranberry Township has two transportation districts (Eastern and Western Districts). The TIP East Fund is established for the Eastern Transportation District and represents the revenue received from new development in this district and expenditures for identified transportation projects in the same district.

Recreation Fees Fund

Description of Fund:

Recreation Fees-in-lieu are enabled by state law and allow municipalities to require the dedication of recreational land with each new development or the payment of a fee in lieu of land dedication. This fund was established to handle recreation fee revenue and expenditures pursuant to this program. Fees collected under this program can only be used for recreation purposes as identified by the law.

CRANBERRY
TOWNSHIP

State Liquid Fuels Fund

Description of Fund:

Each year the Township receives an allocation from the Commonwealth of Pennsylvania for the maintenance of the Township's streets and roads. The funds are the Township's proportionate share of the Commonwealth's levied gasoline tax. The share is based upon a formula which takes into account Cranberry's population and miles of improved roads. The use of these funds is restricted. Cranberry Township typically uses these funds for an annual street resurfacing program as well as road equipment purchases.

Library Fund

Description of Fund:

Cranberry Township supports the Cranberry Public Library with .75 mill of real estate tax annually. Telephone, electric, and janitorial expenses are paid directly from this fund, as well as a direct cash contribution to the library. The Library operates as an independent organization, governed by a seven member Board of Directors appointed to three-year terms by the Board of Supervisors.

Company. The Fire Company has 58 volunteer Brigade members who provide fire protection, rescue and day-to-day management operations for the Township. There are an additional 36 members who belong to the company. The Fire Company responds with other fire companies in surrounding communities as part of our mutual aid agreements. The Fire Company has nine volunteers who serve as Fire Policemen. They respond to incidents to assist the Fire Company and the Police Department. One full-time Fire Company Administrative Assistant is employed by the Township to coordinate the daily activities of the Fire Company and to assist the volunteers with the administrative duties. The Fire Company is dispatched by the Butler County 9-1-1 Center. The Fire Company operates and maintains two stations. Haine Station, the administrative center, is located on Haine School Road. The Park Station is located on Route 19. The Fire Company possesses 11 major fire vehicles: One aerial, three engines, one rescue, one brush truck, two squads, and three incident command vehicles.

This fund receives 1.12 mils of Township Volunteer Fire operational needs of the

services, community relations, educational training, side who serve in support functions. The Fire

2009 Accomplishments

1. Celebrated their 50th anniversary.
2. Increased community outreach to include fire extinguisher training with the recently purchased fire extinguisher simulator.
3. Install computers in the three command vehicles for preplanning.
4. Paved both stations parking lots, repaired concrete pads at the Park Station.
5. Recruited 16 new members.

2010 Goals

1. Continue with recruitment and retention of members
2. Continue building capital fund.
3. Continue training and education efforts.

2010 Budget Highlights

1. Held budget at 2009 level.

Township Transportation Improvement Program (TIP) Fund

Description of Fund:

The Township TIP Fund was created to reserve township funds for transportation impact fee improvement projects that require a direct contribution from the Township. There is a requirement in state law that requires the municipality to contribute funds in certain cases where impact fees are being used.

Department: SEWER & WATER FIELD OPERATIONS

Description and Responsibilities

Performs preventative and reactive maintenance on Township owned sanitary sewer collection and water distribution systems along with meter reading and customer service relavent to sanitary sewer and water

2009 Accomplishments

- 2011 Maintained a less than 10% unaccountable water loss
- 2012 Completed expanded water distribution system flushing program in same time frame thru efficiencies and manpower familiarization
- 2013 Leak detection program yeilded 19 leaks (15 Township owned - four on private property) providing a cost avoidance of nearly \$125,000 to Township rate payers
- 2014 Smoke & dye testing on private I&I yielded success
- 2015 Pilot project using RedZone Robotics CCTV cameras proved beneficial
- 2016 Completed sanitary sewer right-of-way clearing by sub-contractor (21,000 feet)
- 2017 Lap top computers mounted in crew leader vehicles for mapping, manhole, main line and service valve locations
- 2018 32 meters tested during large meter testing program

2010 Goals

- 4. Maintain a less than 10% unaccountable water loss
- 5. Develop program to test, repair and/or replace malfunctioning 1½ inch water meters
- 6. Develop valve operating program and develop and roll out Smoke/Dye testing program from pilot program to an annual program
- 7. Continue to expand in-house sanitary sewer right-of-way clearing
- 8. Continue with replacement of problematic infrastructure (Sewer & Water mains) in conjunction with new development and where existing parallel lines exist
- 9. Installation of permanent sanitary sewer flow monitoring stations (2)
- 10. Service vehicle utilizing wireless laptop to eliminate paper work orders, increase data transfer time and for service valve locations from electronic files

2010 Budget Highlights

- 2. Leak detection program
- 3. Material cost increases of up to 30%
- 4. Permanent flow monitoring stations
- 5. Trailer mounted power valve operator/vac system equipment

Department: WASTEWATER TREATMENT PLANT

Description and Responsibilities

Responsible for protecting the Brush Creek watershed by treating the wastewater from Cranberry, and portions of Marshall and New Sewickley Townships. Also for maintaining safe drinking water storage and water pressure.

2009 Accomplishments

11. Hiring of Lab technician to oversee lab accreditation program and improve testing for plant operational parameters
12. Installation of carbon unit heater to complete project and improve overall function of system
13. Implementing Department safety program initiatives

2010 Goals

1. Develop and maintain nutrient mass balance trend charts for plant process/performance
2. Working with safety consultant to reduce lost time
3. Optimizing carbon treatment system

2010 Budget Highlights

1. O&M repairs to ATAD digestion fill, transfer, and feed sludge pumps
2. Installing mixer in North Water Storage tank
3. Structural steel painting of clarifier mechanisms to extend life expectancy of equipment

Department: PRETREATMENT (SEWER & WATER)

Description and Responsibilities

Mitigation of undesired discharges to the sanitary sewer system, including but not limited to toxic substances, FOG (fats, oil and grease), and stormwater.

2009 Accomplishments

1. Maintained schedule of quarterly inspections at facilities under permit and conducted various enforcement activities including sending initial violation letters to 12 facilities and more formal notices of violations to 5 facilities to mitigate FOG discharges. Four facilities installed or are in the planning stages of installing new grease interceptors.
2. Worked with representatives MTMSA and the ACHD to iron out issues with MTMSA's grease interceptor resolution (which was amended) and to better coordinate plan review to move forward with grease management activites for FOG facilities in Marshall Township that discharge to the BCWPCF.
3. Upgraded the Pretreatment Department's site on the Township web page.
4. Employed pH monitoring/sampler technology to isolate the source of the pH spikes in the wastewater entering the BCWPCF.
5. From information gathered during smoke testing by the sewer field crew, sent out letters to 28 residents and worked with, approximately 30 residents on mitigation of defects which were allowing inflow of storm water into the sanitary sewer system.
6. Worked with Township staff on investigations and mitigation of undesired discharges to the storm water system, and also worked on the mitigation of undesired discharges to the sanitary sewer system from TRACO and Truck Parts Specialists.

2010 Goals

1. Complete issuance and maintain re-issuance of permits to Cranberry Township and Marshall Township FOG facilities.
2. Continue to develop and seek opportunities to demonstrate to residential users public education materials regarding undesired discharges and advance educational efforts and enforcement activities on commercial facilities to further reduce FOG and other organic loading discharges.
3. Renew efforts to develop "point of sale" inspections for detection of defects allowing storm water to enter the sanitary sewer system from private property.
4. Update and more efficiently use Hansen and GIS data for documentation of field work and projects pertaining to the Pretreatment Department.
5. Work with the Planning Department to ensure that all facilities proposing to build or occupy buildings in Cranberry Township are fully aware up front of all the requirements of the FOG program.

2010 Budget Highlights

1. Reduced budgeted amount under the laboratory analysis cost center due to a delay in the issuance of the new permit for the BCWPCF; therefore it remains unknown whether the performance of a headworks analysis will be mandated in 2010.

Solid Waste Fund

Description of Fund:

This Fund operates as an Enterprise Fund, and was created in November 2004, to coincide with the implementation of Cranberry's municipal solid waste residential curbside collection program, known as the Collection Connection. The Township implemented that program in response to the Department of Environmental Protection requirement to provide for a curbside leaf collection program. Prior to the Collection Connection, residents were able to contract with any one of four haulers that served the Township, and we offered very limited recycling opportunities and had no curbside collection of leaf waste. After nearly a year of study and public input, the Township implemented an innovative bundled service that was competitively bid by the private sector that provided the following services, volume based garbage disposal, unlimited weekly co-mingled recycling for nearly all recyclables, and weekly unlimited yard waste collection from April through the first of December, plus curbside collection of Christmas trees.

This Fund receives the quarterly fees that are collected by the Township for this service, as well as all grants and performance incentives earned through our recycling efforts. The fees and grants collected are used to pay the costs associated with this program. This Fund also supports the entire municipal solid waste program provided by the Township to serve all the residents of the Township.

The Collection Connection program service provider's contact was advertised for public bid according to the Municipal codes of Pennsylvania for an additional five years. Three competitive bids were received and the contract was awarded to Waste Management. The contact will be enforced from November 1, 2009 to October 31, 2014.

The 2010 rates are being held the same as 2009 in response to favorable public bidding pricing even in light of increased cost to purchase carts and in preparation of receiving no additional recycling performance grants in 2010 due to the state budgetary short falls.

Department: SWIMMING POOL FUND

Description and Responsibilities

The Cranberry Township Community Waterpark is a dynamic facility responding to the changing needs of the community. This facility is family friendly with zero depth entry, lap pool, diving well, slides, sand play, spray pad, sand volleyball, full concession, locker rooms, and much more. Programming ranges from American Red Cross Learn to Swim Lessons to scuba and water aerobics to night swims and the popular after season Puppy Plunge. Public swim sessions average more than 70,000 swimmers per season.

2009 Accomplishments

1. Memberships increased by 8 percent in 2009 over 2008. This was accompanied by a 6 percent increase in membership revenue.
2. Increased the concession sales profit to 28% from 20% the prior year through tighter control of purchases, inventory and staff hours.
3. Managed overall day to day expenses by reducing daily staffing as conditions allowed.

2010 Goals

1. Continue and expand cost saving practices implemented over the past two seasons.
2. Restore membership sales lost in past two seasons due to extended school year (2008) and unseasonable weather (2009) through a special post season membership drive selling current members their memberships at the 2009 rate for 2010 if purchased by November 15, 2009. 2010 Membership sales begin December 1, 2009.
3. Improve Learn to Swim Program revenue through increased fees and participation and quality control.

Department: GOLF COURSE FUND

Description and Responsibilities

The Golf Course Fund is operated as an Enterprise Fund, which means the course operates in a manner where fees and charges are sufficient to meet current operating expenses. Fees and charges include golf fees, retail sales (merchandise, food & beverage), golf instruction and banquet/meeting revenue.

2009 Accomplishments

1. Became a Certified Audubon Cooperative Sanctuary golf facility.
2. Awarded as the “Best Municipal Golf Course in PA” by Golf Digest (August '09)
3. Established the Cranberry Rewards program for our customers. The program allows customers to earn points towards free golf with each purchase in the golf shop. We have over 800 golfers in the system.
4. Sold 484 pair of shoes grossing almost \$40,000.

2010 Goals

1. 32,500 rounds of golf. This will generate \$60,000-\$70,000 more revenue.
2. \$150,000 in merchandise revenue.
3. Offer more non-golf events which will generate un-tapped revenue.
4. Increase golf outing revenue by 15% over 2009 total.
5. Reduce weekend GAP (actual golfers divided by booked golfers) by using a standardized process of reserving tee times.

2010 Budget Highlights

1. No increase in golf rates for 2010. We will continue to offer \$40 senior & early bird specials.
2. New grinder pump for sewage at clubhouse will eliminate the need to pump out holding tanks. A savings of \$7,000 per year.
3. F/T hospitalization costs have increased 19% over 2009.
4. Reducing the number of PT employees giving them more shifts to improve consistency of service.
