

# Mailboxes and Snow Removal

Each year the Township schedules a preliminary run of Snow Routes to identify obstacles and areas of concern for truck operators. This allows our truck operators to identify mailboxes that stand in the way of the snow plow. Postcards are mailed annually to residents to alert them to the potential problem.

## Mailbox Damage

Cranberry Township repairs or replaces only a mailbox and/or post that is actually struck by the plow blade; according to adopted Snow & Ice Control Plan Section I.B.7. Usually a paint mark or truck tire tracks supply evidence of a mailbox strike.

Cranberry Township does not repair or replace mailboxes and/or posts that fall from the force of plowed snow.

Mailboxes and supporting posts must be installed to withstand the rigors of snow removal, including the force of snow pushed from the street onto the roadside.

Contact Customer Service at 724-776-4806 Option 5 to report a plow damaged mailbox. A Public Works representative will investigate.
