NEW WATER METER PORTAL

Water customers can now monitor and manage their usage by using the free online Water Meter Portal. The tool is designed to give customers insight to better manage their water consumption. The portal provides usage data on a daily or weekly basis, plus provides the option for managing alert notifications. The earliest usage data available for review is for the prior day.

To use the Water Meter Portal Account:

- Locate your Account Number and Customer ID Number which are located on the remittance portion of your utility bill.
- Log into www.CranberryTownship.org/WaterMeter
- Follow directions to set up account – paying attention to requirements for creating a new password
- Once submitted, you will receive a confirmation email
- From the confirmation email, log in with the email address and password you created when setting up your account.
- From the Water Meter Portal you will be able to monitor and view daily usage, plus link to Pay Your Bill online.

For additional information or help with setting up your account, please contact Customer Service at 724-776-4806.

PROPOSED STORMWATER RATE

Proposed to start in January 2020, a new rate of $3.00 per month to cover stormwater management in the Township will appear on your water/sewer/trash bill.

Please visit our website at www.CranberryTownship.org/Stormwater for more information, including Frequently Asked Questions. If you need additional information, please request by emailing: stormwater@cranberrytownship.org.

THE NEW BILL

Your new water/sewer/trash bill has been redesigned to make it easier to read and understand. As always, call Customer Service at 724-776-4806 with any questions.

SINGLE GALLON BILLING

Meter reads shown on the bill are now in units of the individual gallons rather than 1000’s of gallons. The new bill format shows you exactly how many gallons of water your household used since the last cycle, which provides better visibility into your monthly water consumption.
